

CELEBRATE LIFE

Mrs. Sudipa Chowdhury

Dept. of History

Life is a celebration,
Enjoy it to perfection,
Hurdles do make it imperfect,
Overcome them and have no regret.

Create a world, worthy of you,
Where life presents a healthy hue,
Smile, when going gets stiff,
Rough are patches are there, but brief.

Who cares when you're in tears?
For none are bothered about your fears,
When you, fight it with a grin,
Doors will open for you to win.

Conflict surrounds as life goes on,
Empower yourself to face all head on,
Then only you can truly move on,
Cherish life as a gift to carry on.
